

So Perishable
Food Won't
Go To Waste

*Hunger.
The world's largest
solvable problem.*

Every day, millions of dollars' worth of food goes to waste, while thousands go hungry in the Phoenix area.

Waste Not delivers the innovative solution to fighting hunger for those in need while combating waste in the environment.

60+
partner agencies receive food from Waste Not

3.5

million pounds of food are donated to Waste Not each year

• **WHAT WE DO** •

Hunger continues to be one of the largest social issues in our community, while food waste is at an all-time high.

Waste Not is an innovative, 501(c)(3) non-profit that delivers excess perishable foods to those in need to combat both hunger and needless food waste.

Different from a food bank, Waste Not does not store, pack, or repack food. We efficiently move excess food from our donors straight into the hands of our recipients, as our fleet of refrigerated trucks collects the food and delivers it, same day, to agencies serving those in need.

• **WHO WE SERVE** •

Each week, Waste Not delivers food to a variety of non-profits in the Valley who are providing direct services to our communities' most vulnerable.

Some of our partner agencies include homeless shelters, senior facilities, low-income housing, recovery centers, churches, and youth centers.

• **HOW TO HELP** •

100% of our funding comes from charitable gifts. We do not receive government funds and we do not charge for the food we provide. Every donated dollar provides 5 meals.

When donating to Waste Not, up to \$800 may be taken as a tax credit annually by Arizona state filers for a dollar-for-dollar reduction in state taxes. Your gift qualifies as a Charitable Tax Credit donation.
