

JOIN THE FIGHT TO END HUNGER!

Each year, 40% of food is sent to the landfill, meanwhile, nearly 1 million Arizonans struggle with food insecurity.

If we were able to capture just a fraction of that food from consumer-facing businesses, **we could provide millions of meals to those in need.**

MealConnect, Waste Not's newest food rescue initiative, allows those in the foodservice industry to effortlessly donate their surplus food. And it's **free to use!**

POST

GIVE

FEEL GREAT!

Simply post your food donation online or through the app. The system will automatically pair your donation with a recipient agency and a volunteer driver, who takes care of pick up and delivery. **That's it!**

IT MAKES BUSINESS SENSE

1

FINANCIAL BENEFITS

Food donors are able to receive tax benefits from their charitable contributions as well as reduce inventory costs.

2

ENVIRONMENTAL BENEFITS

Reduce your environmental footprint by helping to divert good food from local landfills and save on associated dumping expenses

3

EMPLOYEE SATISFACTION

Make employees feel good about helping their community and proud of the work you are doing as a company.

4

CORPORATE RESPONSIBILITY

Your commitments to the environment and community are highlighted through public facing communication

WORRIED ABOUT LIABILITY?

NO NEED!

The Bill Emerson Good Samaritan Food Donation Act protects donors from liability when food and grocery products are donated in good faith to nonprofits who feed those in need.

To be eligible for this protection, food donors must simply abide by the State of Arizona packaging and labeling requirements.
